Before mobility

Course Catalogue

Teaching language must be mentioned per course.**

These agreements establish the respective roles and responsibilities of the different parties, as well as their commitment to shared quality criteria in the selection, preparation, reception and integration of mobile participants.

Linguistic skills

Prerequisites for recognition

- **Ensure that student mobility for education or training purposes is based on a learning/training agreement for students validated in advance between the home and host institutions or enterprises and the mobile students.**

Assistance

- Provide assistance related to obtaining visas and insurance, when required, for incoming and outgoing students.
- Provide guidance to incoming students in finding accommodation.

After mobility

- Provide incoming students and their home institutions with transcripts containing a full, accurate and timely record of their achievements at the end of their mobility period.
- Describe the mechanisms your institution has in place to recognise mobility achievements for study and traineeships in enterprises.

Reintegration of outgoing students
